

## Rave Reviews from Parents

“As a very involved dad and a VP of Human Resources, I have extremely high standards for someone caring for our boys and I know the importance and the difficulty in finding the right person. I have trusted MommyMixer as the source for our caregivers over the past few years and have been delighted with the results. I really like the services they provide above and beyond the events and I have referred many friends who have all had very positive experiences. I am just a little uncomfortable when I tell people that I’m attending a MommyMixer. The bottom line on MommyMixer – great people, great service and great results! Thanks.” - **Jay, father of two boys**

“Smooth and efficient from start to finish!” –**Lynne**

“We LOVE your service. We have used MommyMixer since having newborn twins two years ago. We have LOVED the girls that have helped us. They are bright, energetic, responsible, and fun. Our twins have loved them and so does our five year old. We used two services in town prior to MommyMixer. The candidates from MommyMixer have been more child friendly, energetic, and fun to be around. I can't say enough good things about the girls. And, Mommy Mixer is the best deal in town monetarily. Thanks for starting this business. It has been a life saver for us.” – **Sondra**

“I was pleasantly surprised to find that the women I met at the mixer would be readily available via email and phone and also communicated if they had extra availability. Three out of four sitters were really strong and what more could I ask for? I invited them back and use my regulars quite often.” –**Mary**

“I wasn't able to make a mixer and they made it very easy for me to attend the next one. I also loved the forum used.” -**Annie**

“Thanks again for the great mixer. I wanted to thank you so much for your service; it was such a blessing to have someone who can watch our baby at our home while I'm working. I also have used a couple of the other girls who were in the babysitter binder for weekend babysitting and they have both been wonderful. I was very pleased with the process and the candidates. -**Kara, mother of one**

“I usually go in to the mixer trying to find someone for part-time work, usually over the course of the summer or school year. I have always found someone wonderful with whom our family continued a long-term relationship.” -**Grace**

“Alex is a dream. She has the best disposition for our children. Our 21 month old - just adores her and she cares for our 4 month old just like I would. We could not be happier. Thank you!”-**Rebecca, mother of two**

“When I didn't find a sitter whose availability matched my need, my job was sent out to the database and I found a great sitter.” -**Kathy**

“...the whole mixer you have prepared is extremely professional. I came with a very skeptical view but was overwhelmed with how wonderful the girls were and how well you took care of me. I love the book you made and all your thorough detail. It's been a HUGE time save and a wealth of resource. Priceless! Honestly, I think you charge too little!” - **Susan, mother of two**

“We have loved our MommyMixer sitters. We are still using one after 2 1/2 years and keeping in touch with others now in California.” -**Caroline**

“Wow - I am amazed at the incredibly quick results! We had Amanda come over yesterday for a trial run, and I think she is definitely interested (and we were very impressed with her!).” - **Karen, mother of two**
